**December 7, 2004**

**To:** Licensed Maryland Cigarette Manufacturers, Wholesalers  
and Sub-wholesalers

**Subject:** Cigarette Price Calculators

The Regulatory and Enforcement Division currently maintains an online cigarette minimum price calculator which can be found on the Division's website. The calculator can be used to assist you in calculating the minimum price to sell cigarettes based on the approved minimum markup percentage.

The Comptroller is pleased to announce an alternate price calculator that allows you to alter the markup percentage using any amount equal to or greater than the approved minimum percentage. You can visit the new alternate online calculator at the Division's website which is: <http://compnet.comp.state.md.us/red>.

We hope you find the online calculators useful tools in complying with the Maryland cigarette minimum price statute. Should you have any questions or comments about this matter, please contact Christie Mattox at 410-260-7312.
